IMMIGRATION OFFICIALS WOULD RETURN MAN TO COUNTRY.

IS INCURABLY INSANE

Canadians Refuse to Care For Wm. Dickson, Who Has Relatives in County, as He is Not Resident.

Marion Folsom of the immigration department at Kansas City, was in Maryville Wednesday to look up the matter of William Dickson, a former resident of this county, who is now in an insane hospital at Westminster, B. C. As Dickson is not a resident of Canada, he is to be returned to this county, and Mr. Folsom was finding out who to turn the man over to.

Dickson will be given over to the county authorities here when he arrives from Canada, and the court will then send him to the asylum at St. Joseph as a county charge if the evidence produced is sufficient to warrant it.

Dickson has relatives in this county. He has been in Canada for two years, and as three years' residence in that country is necessary to become a citizen, he is still a citizen of this county, as his last residence was here. The Canadian government took the matter up with the immigration commission and permission was granted by this government to take the man back, as satisfactory proof was offered that he was a citizen of this county.

Mr. Folsom, in talking to a representative of this paper, said that since July 1, 1912, the immigration department had sent 139 insane patients back to their homes in foreign countries, as these patients were not citizens of this country. This territory is composed of four states.

It is said that Dickson is suffering from a form of insanity which is incurable.

It also has a scroll on which is printed the Declaration of independence, underneath it, supported by two great flags, is the face of the author of that immortal document, Thomas Jefferson.

FARMERS SHOULD KEEP BOOKS.

C. M. Long, a Dairyman, Says the Cost of Crops Should Be Kept.

Every fifteen minutes of the day should be accounted for, and this includes the farmer who gets up at 3 o'clock in the morning and works until 9 o'clock at night, according to C. M. Long, a dairy farmer living near Kansas City, in a talk farmers' week at Columbia.

"The most successful farmer is the one who can tell first which crop does not pay, which horse is not making his expenses and which cow in the herd is not paying for her keep," he said. "It costs just as much and often more to keep poor stock as it does to keep the better kind."

Mr. Long presented data from his own records, showing that the crops and live stock produced on the farm today are not paying the cost of production in many cases. For example in one instance he showed that a horse cost his owner 23 cents for every hour's work he did. This was due to the horse being idle so much of the time.

According to the speaker the farmer should not start the farm records system unless he intends to keep it up, because in three or four years one year may compensate for them all. It is the cost system for the farmer, and it is his only way of telling whether he is getting ahead or falling behind. By such a method he finds out just where the leaks occur.

NORMAL PRESIDENT TRYING TO GET LARGER APPROPRIATION.

TO PAVE NORMAL AVE

Amount Asked Includes Sum For Paving Road to Normal—\$20,000 Increase is Badly Needed.

Dr. H. K. Taylor, president of the Normal school, left Tuesday evening for Jefferson City where he is to work in the interest of the appropriation for the state institution here with members of the legislature.

The State Normal is asking for an appropriation of \$123,741.61 for the next biennial period. Two years ago, they received \$103,000 from the state for that biennial period.

While many of the state institutions' appropriations will have to be cut down as the amount they are demanding are far above the revenue received in taxes, still it is thought that the Normal here has a good chance to secure the amount they are requesting. The school is asking for less appropriation than any of the other Normal schools.

The following is a list of appropriations recommended by President Taylor to the legislative junketing committee for the next two years:

For faculty and employees.....\$90,000.00
Supplies, current equipment and extension work..... 10,000.00
For library..... 2,000.00
For walks, grading and campus improvement..... 3,000.00
Equipment of all departments..... 7,500.00
Installing boiler..... 4,996.32
Repairing smoke stack..... 1,475.00
Installing direct radiation..... 3,000.00
Paving on Normal Avenue..... 1,770.29
Total.....\$123,741.61

THE GIDDINGS FAMILY

Concert Company Will Appear at the First Christian Church for Benefit of Business College Class.

The Giddings Family Concert company, with the Britt lyceum bureau of Lincoln, Neb., will give an entertainment at the First Christian church Wednesday evening, January 22, under the auspices of the graduating class of the Maryville Business college.

The concert will be unusual and will be the first "family concert" given here since the famous Gibbons family of thirteen singers were here.

This concert company consists of Mr. and Mrs. Carl Giddings and their four children, Chester, Edna, Mildred and Marion, each an accomplished singer and an artist on some instrument.

Mildred, the youngest daughter, is only 10 years old. She is regarded as the star of the company in many places, as the quality of her sweet soprano voice is marvelous in one so young. Her sister sings alto, and they gain favor with every audience. Mildred favors tenor mandolin and gives artistic readings, while Edna is quite a mandolin soloist and is a success in giving humorous readings.

Chester, the oldest son, is a mandolin player of fine ability. He sings and gives chalk talks and sketches. Marion, the youngest son, plays mandobass, sings tenor and shows a finely balanced musical temperament.

Mrs. Giddings is an exceptionally strong first mandolinist. Each member of the family is an artist, and everywhere they go they carry their audiences completely.

Elijah Cox was a resident of Nodaway county, east of Maryville, until about twenty-five years ago, when he went to Oklahoma. He was 97 years old the first day of October last. The old man comes of a family of remarkable longevity. His father and grandfather lived to be 100 years old, and it was Mr. Cox's desire to round out a century of life here. He had a slight sick spell some time ago, from which he recovered completely, and his sons, who left Maryville Wednesday evening, are looking strongly for his recovery from his present attack.

Impressive Service at Presbyterian Church.

Last evening's service at the Presbyterian church was one of the most impressive of the series. Mrs. Robinson sang with deep feeling a solo on prayer which created a spirit of deep devotion. IN PRISON BEFORE

WILL GET 8 YEARS MORE

'Barrett' Violated Illinois Parole and Will Finish Time There When Missouri Sentence is Served.

That John Beary and George Barrett, charged with breaking into the Dawsonville depot a few weeks ago, are old crooks of note was discovered by Sheriff Ed Wallace, who returned Wednesday at noon from Jefferson City, where he had taken the two prisoners to serve out a sentence in the penitentiary.

Both of the prisoners admitted that they were going under assumed names. Beary said that his name was Roy Horton and that he had served a reform school sentence out in a Kentucky reform school for boys. He told Sheriff Wallace that his father had him put in the reform school there, and that he was released when he was 21 years old. Horton gave his age at 23.

Barrett said his name was Bert Becken and that he was given a twenty years' sentence in the Illinois state penitentiary at Joliet, Ill., on a charge of grand larceny and burglary. He served a few years of his sentence at Joliet, but was paroled on account of good behavior. He broke the conditions of the parole and the Illinois authorities have been on the lookout for him. Becken will have eight more years to serve in that penitentiary when released from Jefferson City. He gave his age as 39, but it is probable that he is 40 years or more. It is also thought that Becken has been in another state penitentiary in a Western state.

Horton got a five-year sentence in circuit court here last Friday, and Becken got a three-year sentence, both of them pleading guilty to the charge of breaking into the Dawsonville depot.

Frank O. Gillman was also taken to the penitentiary by Sheriff Wallace for a two-year sentence, with these other prisoners. Gillman was looking for a place to stay as he is an old man, and stole some money and other articles, thinking that he would get a jail sentence instead of a penitentiary sentence. He had no home.

Marshal E. C. Moberly, who accompanied Sheriff Wallace to Jefferson City, also returned Wednesday noon.

Is Not for a County Adviser.

Editor Democrat-Forum: Why do we not hear the farmers clamoring for a county adviser? They usually favor what they think to be a good thing. I have not talked to a farmer that is in favor of this absurdly foolish plan.

Every question or subject pertaining to agriculture is discussed in our farm papers. Bulletins also are issued by our experiment stations upon every subject of interest and can be obtained for a postage stamp. Then what is there left to "advise" on. One says he would help the farmers in selecting their seed corn. That is enough to tempt a man to profanity. I speak from experience, and I do not wish to be tempted about what I am able to hear.

The farmers of this county have the best seed that seed specialists can produce. They have the largest type of corn that will mature in this climate and the same of all other seeds.

To those who have no personal interest in this matter I would say. Let the farmers attend to their own business; they pay their own bills and quite a few of the other fellows.

Let the boys from the agricultural schools come out to the country and buy or rent three or four acres to plant to, say beans and cow peas. They can put in the rest of their time analyzing the soil to find out what there is in it.

NO INDIGESTION, GAS OR A SOUR STOMACH.

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

\$10,000 a Year for Dresses in Paris.

At the meeting of the M. I. Circle Tuesday afternoon with Mrs. Omar Catterton, in a paper read by Mrs. R. H. Duncan on "Society in Paris," it was found that the very least money a woman in society in Paris could dress upon is \$40,000 a year; if she can manage to eke out on that amount she will be entitled to a small place in the center of the world's fashionable society.

The M. I.'s have concluded they will not seek admittance to Paris society for awhile yet, the principal reason being they "don't like their style" over there any way, as a rule. Mrs. Duncan's paper was very enjoyable and was the ground for wise, witty and humorous comment from the Circle. Two other good papers were read, both continued from previous meetings one by Mrs. W. B. Christy on "Education in Germany," and the other by Mrs. Walter Mutz on "Government and Religion of Norway and Sweden." The devotional service for Tuesday's meeting was led by Miss Emma Shroyer. Roll call was responded to with current events. Mrs. T. H. Cook was critic. The next meeting of the club will be held February 4 at the Elks club, with Mrs. J. F. Cook as hostess.

A HAPPY, LAUGHING
CHILD IN FEW HOURS.

If Cross, Irritable, Feverish, Tongue Coated and Sick, Give Delicious "Syrup of Figs."

Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

GUNBOAT SENT
TO VERA CRUZ

Wheeling Will Protect Americans in Southern Mexico.

SERIOUS OUTBREAKS CONTINUE

Guerrillas and Brigands Keep Foreign Residents in Terror—Villages and Ranches Sacked—Vessel Will Take on Board Those Who Wish to Escape.

Washington, Jan. 22.—Alarmed for the safety of Americans, whose lives are in jeopardy because of widespread lawlessness of Mexican rebels in Vera Cruz state and throughout southern Mexico, the state department again has called upon the navy to protect American interests in the republic.

The gunboat Wheeling is steaming from Tampa, Fla., for Vera Cruz, where Americans are said to face a graver crisis than that relieved by the cruiser Des Moines at the time of the Diaz uprising last October.

The request from the state department to the navy came after the receipt of a long series of official reports from Ambassador Henry Lane Wilson and consuls in southern Mexican cities, all reflecting a condition of anarchy, especially in the state of Vera Cruz.

Guerrilla warfare, brigandage, sackings of ranches and villages and other desperate crimes place Americans and other foreign residents in a state of constant danger and the latest advices of the state department express fear of a worse outbreak.

When the Wheeling arrives in Vera Cruz harbor Americans and other foreigners will be taken aboard and officials express the hope that the sight of its guns may have the same moral effect that followed the arrival of the Des Moines a few months ago. The action of the state department indicates that the administration's policy of non-intervention will be adhered to to the close of President Taft's term of office.

TURKS TO BOW TO POWERS

Constantinople Newspapers Drop Their Warlike Tone.

Constantinople, Jan. 22.—There has been a notable change in the tone of the press. The newspapers almost unanimously declare that the porte has no option but to bow to the wishes of Europe. They therefore advocate the immediate summoning of a national assembly to give moral support to the government in concluding peace under the best possible terms, as it would be a mistake to continue the war in opposition to the wishes of Europe.

It is said that the Turkish ambassador at St. Petersburg has notified the porte that the Russian government is most urgent in advising Turkey to cede Adrianople and the Aegean islands.

Grand Jury Will Reindict Mellen.

New York, Jan. 22.—A new federal grand jury just sworn in will be asked to reindict Charles S. Mellen, president of the New York, New Haven and Hartford railroad; E. J. Chamberlain and Alfred W. Smithers, president and chairman respectively of the Grand Trunk railway of Canada, for violation of the Sherman anti-trust law. This procedure was decided upon by the government to meet technical objections raised by counsel for the defendants as to the qualifications of a member of the jury which indicted them.

Says Commodities Clause is a Joke.

Washington, Jan. 22.—"The commodities clause of the interstate commerce law is a joke and a sham; it is open at both ends; it is not worth the paper it is written on," said Representative A. O. Stanley before the house commerce committee. Representative Stanley advocated the passage of his bill, aimed at the United States Steel corporation, prohibiting mining or manufacturing companies from owning railroads which transport their goods.

Three More Confess.

Chicago, Jan. 22.—Three confessions were obtained by Assistant State's Attorney Johnson in the investigation of the so called "arson trust." Two who confessed are business men, who told the prosecutor that because of business reverses they consented to have their places fired when public adjusters pointed out to them how easy it would be to collect the insurance.

Competition Hurts Arson Trust Profits

New York, Jan. 22.—Competition has hurt the arson business in New York city. The grand jury, which has already indicted several property owners and insurance adjusters, alleged to be members of the so called "arson trust," learned that a large group of independent operators was responsible for nearly as many fires as the "trust" itself.

Bulgaria Cedes Port to Rumania.

London, Jan. 22.—One of the chief difficulties hitherto existing between Rumania and Bulgaria was removed by the consent of the Bulgarian government to the cession to Rumania of a portion of coast territory, which will enable Rumania to establish a naval port at Mangalia, on the Black sea.

ROOT ARGUES
FOR REPEAL

Denounces America's Position in Panama Canal Dispute.

VIGOROUS FIGHT IS SCHEDULED

Original Opponents of Measure Allowing Free Passage of Coastwise Ships Hope to Secure Its Repeal—Deny Right to Remit Tolls.

Washington, Jan. 22.—"Shall we inform the world that the United States is false to its agreements, false to its pledged word? Shall we have it made known the world over that you must look out for the United States or it will get the advantage of you? That the United States is astute, cunning, slippery?"

With this denunciation of the attitude of this country in the Panama canal controversy with Great Britain, Senator Elihu Root concluded a two-hour speech in the senate with an appeal for the submission of the Panama question to arbitration, or the repeal of that section of the canal law that would give free passage to American coastwise ships.

It became known, following the senator's address, that Senator Brandegee, chairman of the interoceanic canals committee, will call a meeting within a few days to take up Senator Root's amendment for the repeal of the free toll provision.

A determined effort by those who opposed the original passage of this provision will be made at this session of the congress to change the law before it goes into effect at the canal, so that the cause of dispute with Great Britain will be removed.

WILL RECOGNIZE SERVICES

"Justice" Will Govern Distribution of Plums by Wilson.

Trenton, N. J., Jan. 22.—President elect Wilson set forth the principle that "justice and not gracefulness, recognition of services and not politics would guide him in the distribution of public offices."

The governor declared himself in a speech to a delegation of labor leaders, who formally asked him to appoint John T. Cosgrove, a Democrat, to the office of state commissioner of labor, now held by Colonel Lewis T. Bryant, a Republican. The governor listened to the earnest pleas of the laboring men, and said:

"Public office is not worth anything if an entirely satisfactory fulfillment of the duties of an office does not entitle a man to consideration for reappointment. If men are to know that a mere change of administration is to empty an office, no matter how they have deserved to be reappointed, there is nothing of justice or public right left. I feel to the full extent the argument you have made in favor of Mr. Cosgrove, but I haven't a clean slate to write on. If we were creating this office your arguments would be different."

"I do not need to say to this company that I entirely sympathize with the aspirations of labor and that I entirely recognize the rights of labor, but Colonel Bryant has made good, and I am bound to consider his claims. I would be ashamed of myself if I did not."

"Would it not be justice and mercy to appoint a labor man? Would it not be graceful?" pleaded Samuel Botterill, spokesman for the delegation. "Gracefulness is easy and justice hard," sighed the governor, and the discussion ended.

WOODMEN OFFICERS YIELD

Executive Council at Rock Island Suspends New Rates.

Rock Island, Ill., Jan. 22.—The executive council of the Modern Woodmen of America decided not to put into force the new schedule of rates authorized at the head camp meeting held in Chicago, but will let the next head camp, which meets in 1914, pass upon the matter.

The council's decision will be effective regardless of what disposition the courts may make of the injunction which now restrains the society from enforcing the increase and which is on its way to a hearing before the Illinois supreme court.

Quick Justice in Mississippi.

Gulfport, Miss., Jan. 22.—Within seven hours after he had killed Chief of Police Charles Dickey, Perry Newkirk, a negro who had been trapped by a negro while in the act of robbing a store, was indicted by the county grand jury, tried on a charge of murder, convicted and sentenced to be hanged Feb. 21.

Smuggled Diamonds Found in Package.

New York, Jan. 22.—Smuggled diamonds worth more than \$20,000, government agents say, were found in a package apparently containing only photographs, received from Amsterdam, Holland, by Nathan Groen, a New York diamond dealer. Groen was arrested as he got the packages at the postoffice.

Missouri for Direct Election.

AFTER COUGHING MONTHS

Brooklyn, N. Y., Woman Found Relief in Vinol.

Did you ever cough for a week? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primrose of 87 Newell street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough which kept me awake nights for fully three months, and felt tired all the time because my rest was broken. The effect of taking your cod liver and iron remedy Vinol is that my cough is gone. I can now get a good night's rest and I feel much stronger in every way."

It is the combined action of the medicinal elements cods' liver aided by the blood making and strength creating properties of tonic iron which makes Vinol so efficient for chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. The Orator-Henry Drug Co., Maryville, Mo.—Advertisement.

Typhoid Vaccination.

The effectiveness of vaccination against typhoid fever is shown in the health records of the United States navy for the first ten months of 1912. Enlistment in the navy is 62,000 men. Ordinarily about two hundred cases of typhoid fever, resulting in from fifteen to twenty deaths, occurred each year. In 1911 compulsory vaccination against typhoid was adopted. During the first ten months of 1912 one mild, non-fatal case of typhoid fever developed in the navy. It pays to know and use the modern discoveries in medicine.

GOULD WEDDING AT LYNDBURST

Ceremony Takes Place in Country Home of Bride.

ONLY SEVENTY-FIVE GUESTS.

Party is Restricted to Members of Both Families and a Few Friends. Dinner Served for Homeless Men at Bowery Mission at Hour of Ceremony

Tarrytown, N. Y., Jan. 22.—Miss Helen Gould and Finley J. Shepard were married today in the great drawing room at Lyndhurst, Miss Gould's country home. Rev. Daniel Russell, pastor of the Irvington Presbyterian church, performed the ceremony. Miss Gould's little nieces, Helen and Dorothy Gould, were the flower girls and the bride's only attendants. Louis J. Shepard, brother of the bridegroom, was best man.

Gifts came from wealthy friends of the bride; from friends on the Bowery and the East side, for whom she has done much in the past; from the army, navy, railroad organizations and various individuals. Among the gifts were a handsome rope of pearls from George J. Gould, a corsage ornament of diamonds from Frank Gould, and a set of tapestries from Edwin Gould. Howard Gould gave his sister a rare art treasure, which he purchased recently in Paris.

The wedding guests were restricted to members of both families and a few friends. About seventy-five persons witnessed the ceremony. Most of these came from New York by special train. The ceremony took place at 12:30 o'clock.

The army of homeless men in New York received a treat today at the expense of the bride. The feast for the poor was served by relay to 1,000 men in the basement of the Bowery mission, in whose work she has long been interested. A musical entertainment was also provided.

FREE MEAT PART OF DEMOCRATIC PLAN

Protest is Voiced by S. H. Cowan of Fort Worth.

Washington, Jan. 22.—"Free meat" proposed by the house Democrats at the last session of congress, but blocked by a presidential veto, was indicated as part of the extra session of congress' tariff revision program at the hearing before the house committee on ways and means.

Members of the committee emphasized the majority sentiment in favor of free meats and a strong trend toward free cattle, in accord with the general policy of Democrats last year to transfer the necessities of life, including sugar and lumber, to the free list.

Protest against putting cattle and meats upon the free list was voiced by S. H. Cowan of Fort Worth, Tex., as spokesman for the cattle industry west of the Mississippi river. Mr. Cowan said that such a plan, if adopted, would mean a flood of cheaper meats from the South American ranges and pictured a ruin of the industry in Texas.

TO DEFINE PURE WATER

Secretary MacVeagh to Appoint a Commission of Scientists.

Washington, Jan. 22.—The federal government, which for years has been warning the nation against dangers lurking in polluted water, wants to know "what is pure water?" To settle officially that question Secretary of the Treasury MacVeagh, on the recommendation of Surgeon General Blue of the public health service, decided to appoint a committee of scientists to establish a standard of purity of water.

The establishment of this water standard will be the first movement of the public health service in connection with regulations soon to be issued prohibiting the dispensing of impure drinking water on railroad trains and other interstate carriers. These regulations will be enforced in co-operation with state boards of health.

FOWLER OUTLINES PLAN

Says All Banks Should Be Under Federal Control.

Washington, Jan. 22.—Former Representative Charles N. Fowler of New Jersey outlined to the house currency reform committee his suggestions for revision of the monetary system. He proposed that all national banks be authorized to do commercial, savings and trust company business and make note issues as Canadian banks do; that "all holding companies" of banks be prohibited and that all banks be compelled to carry the same amount of reserve, always in gold. All banks should be under federal control, he contended.

Coal Roads Want Decree Amended.

Washington, Jan. 22.—The hard coal roads affected by the supreme court's recent decision have petitioned for a modification decree to permit them to continue the so called 65 per cent contracts with coal companies which have leased coal lands of them. The court held the contracts in violation of the Sherman anti-trust law.

Agent for Auto Bandits Surrenders.

Chicago, Jan. 22.—Frank Madia, owner of the Michigan avenue garage which was used as headquarters of the automobile bandits, surrendered while the city's police force was in the midst of its search for Robert Webb, the gang chauffeur, who shot and killed Detective Peter Hart.

Eruption of Colima.

Guadalajara, Jan. 22.—The volcano of Colima broke into violent eruption. Thousands of people are fleeing from the villages and ranches in the vicinity. It is believed there has been some loss of life in the remoter settlements.

Let Us Live in the Present.

The old year is gone and we stand on the threshold of the new. Once again we are face to face with one of the mysteries of our existence—the mystery of Time: the Past, the Present, the Future. Yet how few seek to understand it; how few know what the key to the understanding of the Universe is within themselves!

And how few realize that the present moment is ours. Each moment we stand between the past and the future. All the mighty past is focused in the present, and only through the gateway of the present moment can we enter into the future.

Nor can we halt on the threshold, there is that within which forbids our stay. We may be never so loath to let the present go, yet even while we seek to detain it, it is gone into the irrevocable past. So day follows day, year follows year, and still we will not recognize nor apply the great secret of cyclic law, which the succession of the moments and the mighty procession of the years so persistently force upon our attention.

Truly it is in the commonest facts of life that lie our greatest opportunities, and it is in the most commonplace occurrences that are hidden some of the profoundest mysteries.

Oh, that I could live my life over again! How many have thought this! But we know it may not be. Yet there is better than that. There is a new day not yet lived, a new year not yet run its course, awaiting us all with its infinite possibility. To live life over again? It may not be; but life before us, with the experience and lessons of the past—that is ours. For, after all, the wish is not to live the same life over again if we could. Were that possible, we should live it again as before and with the same unsatisfying result; but underlying the wish is the prayer, may the hope, for a new life in which we may build upon the lessons and experiences of the past. Yet we make a grave mistake if we seek to live in the future before it is ours, for it is as impossible to live in the future as in the past.

In the truest sense, neither the past nor the future is ours, but only the present. Our weakness and folly lie in neglecting the present with its opportunities, as we do when with vain regrets we live the past over again in memory, or in imagination picture for ourselves life as we would have it in the future. In either case we miss the opportunity of the only time which is ours, the present moment, the Now.—Charles Mason in the Theosophical Path.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hair. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Koch Pharmacy.

TO SEND HIM BACK

IMMIGRATION OFFICIALS WOULD RETURN MAN TO COUNTY.

IS INCURABLY INSANE

Canadians Refuse to Care For Wm. Dickson, Who Has Relatives in County, as He is Not Resident.

Marion Folsom of the immigration department at Kansas City, was in Maryville Wednesday to look up the matter of William Dickson, a former resident of this county, who is now in an insane hospital at Westminster, B. C. As Dickson is not a resident of Canada, he is to be returned to this county, and Mr. Folsom was finding out who to turn the man over to.

Dickson will be given over to the county authorities here when he arrives from Canada, and the court will then send him to the asylum at St. Joseph as a county charge if the evidence produced is sufficient to warrant it.

Dickson has relatives in this county. He has been in Canada for two years, and as three years' residence in that country is necessary to become a citizen, he is still a citizen of this county, as his last residence was here. The Canadian government took the matter up with the immigration commission and permission was granted by this government to take the man back, as satisfactory proof was offered that he was a citizen of this county.

Mr. Folsom, in talking to a representative of this paper, said that since July 1, 1912, the immigration department had sent 139 insane patients back to their homes in foreign countries, as these patients were not citizens of this country. This territory is composed of four states.

It is said that Dickson is suffering from a form of insanity which is incurable.

It also has a scroll on which is printed the Declaration of Independence, underneath it, supported by two great flags, is the face of the author of that immortal document, Thomas Jefferson.

FARMERS SHOULD KEEP BOOKS.

C. M. Long, a Dairyman, Says the Cost of Crops Should Be Kept.

Every fifteen minutes of the day should be accounted for, and this includes the farmer who gets up at 3 o'clock in the morning and works until 9 o'clock at night, according to C. M. Long, a dairy farmer living near Kansas City, in a talk farmers' week at Columbia.

"The most successful farmer is the one who can tell first which crop does not pay, which horse is not making his expenses and which cow in the herd is not paying for her keep," he said. "It costs just as much and often more to keep poor stock as it does to keep the better kind."

Mr. Long presented data from his own records, showing that the crops and live stock produced on the farm today are not paying the cost of production in many cases. For example in one instance he showed that a horse cost his owner 23 cents for every hour's work he did. This was due to the horse being idle so much of the time.

According to the speaker the farmer should not start the farm records system unless he intends to keep it up, because in three or four years one year may compensate for them all. It is the cost system for the farmer, and it is his only way of telling whether he is getting ahead or falling behind. By such a method he finds out just where the leaks occur.

NORMAL PRESIDENT TRYING TO GET LARGER APPROPRIATION.

TO PAVE NORMAL AVE

Amount Asked Includes Sum For Paving Road to Normal—\$20,000 Increase Is Badly Needed.

Dr. H. K. Taylor, president of the Normal school, left Tuesday evening for Jefferson City where he is to work in the interest of the appropriation for the state institution here with members of the legislature.

The State Normal is asking for an appropriation of \$123,741.61 for the next biennial period. Two years ago, they received \$103,000 from the state for that biennial period.

While many of the state institutions' appropriations will have to be cut down as the amount they are demanding are far above the revenue received in taxes, still it is thought that the Normal here has a good chance to secure the amount they are requesting. The school is asking for less appropriation than any of the other Normal schools.

The following is a list of appropriations recommended by President Taylor to the legislative junketing committee for the next two years:

For faculty and employees.....	\$90,000.00
Supplies, current equipment and extension work.....	10,000.00
For library.....	2,000.00
For walks, grading and campus improvement.....	3,000.00
Equipment of all departments.....	7,500.00
Installing boiler.....	4,995.32
Repairing smoke stack.....	1,475.00
Installing direct radiation.....	3,000.00

THE GIDDINGS FAMILY

Concert Company Will Appear at the First Christian Church for Benefit of Business College Class.

The Giddings Family Concert company, with the Britt lyceum bureau of Lincoln, Neb., will give an entertainment at the First Christian church Wednesday evening, January 22, under the auspices of the graduating class of the Maryville Business college.

The concert will be unusual and will be the first "family concert" given here since the famous Gibbony family of thirteen singers were here.

This concert company consists of Mr. and Mrs. Carl Giddings and their four children, Chester, Edna, Mildred and Marion, each an accomplished singer and an artist on some instrument.

Mildred, the youngest daughter, is only 10 years old. She is regarded as the star of the company in many places, as the quality of her sweet soprano voice is marvelous in one so young. Her sister sings alto, and they gain favor with every audience. Mildred plays tenor mandolin and gives artistic readings, while Edna is quite a mandolin soloist and is a success in giving humorous readings.

Chester, the oldest son, is a mandolin player of fine ability. He sings and gives chalk talks and sketches. Marion, the youngest son, plays mandobass, sings tenor and shows a finely balanced musical temperament.

Mrs. Giddings is an exceptionally strong first mandolinist. Each member of the family is an artist, and everywhere they go they carry their audiences completely.

J. S. Shinabargar and M. E. Ford left Wednesday afternoon for Smith Center and Summerfield, Kan., where they are to take depositions in the divorce cases of James Glover vs. Minnie Glover. NINETY-SEVEN YEARS OLD.

Elijah Cox, Former Nodaway Man, is Thought to Be Dying—His Sons Left Wednesday.

John Cox of this city and his half-brother, George Cox of near Ravenwood, left Wednesday afternoon for Copan, Okla., in response to a telegram saying that their father, Elijah Cox of that place, was dying. Elijah Cox was a resident of Nodaway county, east of Maryville, until about twenty-five years ago, when he went to Oklahoma. He was 97 years old the first day of October last. The old man comes of a family of remarkable longevity. His father and grandfather lived to be 100 years old, and it was Mr. Cox's desire to round out a century of life here. He had a slight sick spell some time ago, from which he recovered completely, and his sons, who left Maryville Wednesday evening, are looking strongly for his recovery from his present attack.

GREMS FUNERAL TUESDAY.

Many Old Friends of the Family Present at the Services Held at the Home on East First Street.

The funeral services in memory of the late Charles Curtis Grems, who died Sunday at Dow City, Ia., were held Tuesday afternoon at 2:30 o'clock, at the home of his father, John G. Grems, 609 East First street, and were largely attended by old friends of the deceased and his family.

Rev. Gilbert S. Cox of the First M. E. church conducted the services and spoke impressively from Isaiah 61:2—"Blessed is the man that doeth this, and the son of man that layeth hold on it."

A choir composed of Miss Bessie Scott, Miss Nellie Wray, Mr. Lona Perrin and Rev. Cox, with Miss Lucile Airy as pianist, sang two numbers, "Rock of Ages" and "Nearer, My God, to Thee," and Rev. Cox sang "No Burden Yonder."

The beautiful floral offerings were carried to the cemetery, where they were placed in the vault with the casket by Mrs. M. L. Beattie, Mrs. D. J. Thomas, Miss Clara Sturm, Miss Anna Dooley, Miss Lenore Schumacher and Miss Nellie Campbell.

Burial will take place at a later date under the auspices of the Woodmen of the World, having been deferred on account of the cold weather. The pallbearers were Mr. W. A. Miller, Mr. Frank Bolin, Dr. Frank Wallis, Mr. David Munn, Mr. R. G. Sanders, Mr. Edward Schumacher.

Mrs. Nancy J. Stark, widow of the late W. N. Stark of Quitman, died Wednesday morning about 10 o'clock at the home of her daughter, Mrs. I. T. Kelley of Quitman. Mrs. Stark had been ill for three years and for the last six months had been confined to her bed from cancer.

The funeral and burial services will be held at the Cain cemetery, west of Maryville, on Thursday, the funeral procession to leave the residence at Quitman at 10:30 Thursday morning.

Mrs. Stark was 75 years old on December 14, 1912. She had been a resident of Quitman for 34 years and had been a member of the Baptist church since young womanhood. She is survived by five children, Mrs. Cynthia Dykes of Plano, Ia.; Mrs. Emma Booth of Higgins, Texas; Mrs. Eddie Jones of Wray, Colo.; Mrs. L. T. Kelley of Quitman, and Caleb Stark, living east of Maryville.

Impressive Service at Presbyterian Church.

Last evening's service at the Presbyterian church was one of the most impressive of the series. Mrs. Robinson sang with deep feeling a solo on prayer which created a spirit of deep devotion. Then Dr. Dodds, in his own inimitable manner, drove home the meaning and portrayed the scope of prayer. Tonight Dr. Dodds will speak on "Gethsemane, the Trial and Cross."

IN PRISON BEFORE

NOT FIRST TIME FOR NODAWAY COUNTY OFFENDERS.

WILL GET 8 YEARS MORE

"Barrett" Violated Illinois Parole and Will Finish Time There When Missouri Sentence is Served.

That John Beary and George Barrett, charged with breaking into the Dawsonville depot a few weeks ago, are old crooks of note was discovered by Sheriff Ed Wallace, who returned Wednesday at noon from Jefferson City, where he had taken the two prisoners to serve out a sentence in the penitentiary.

Both of the prisoners admitted that they were going under assumed names. Beary said that his name was Roy Horton and that he had served a reform school sentence out in a Kentucky reform school for boys. He told Sheriff Wallace that his father had him put in the reform school there, and that he was released when he was 21 years old. Horton gave his age at 23.

Barrett said his name was Bert Becken and that he was given a twenty years' sentence in the Illinois state penitentiary at Joliet, Ill., on a charge of grand larceny and burglary. He served a few years of his sentence at Joliet, but was paroled on account of good behavior. He broke the conditions of the parole and the Illinois authorities have been on the lookout for him. Becken will have eight more years to serve in that penitentiary when released from Jefferson City. He gave his age as 30, but it is probable that he is 40 years or more. It is also thought that Becken has been in another state penitentiary in a Western state.

Horton got a five-year sentence in circuit court here last Friday, and Becken got a three-year sentence, both of them pleading guilty to the charge of breaking into the Dawsonville depot.

Frank O. Gillman was also taken to the penitentiary by Sheriff Wallace for a two-year sentence, with these other prisoners. Gillman was looking for a place to stay as he is an old man, and stole some money and other articles, thinking that he would get a jail sentence instead of a penitentiary sentence. He had no home.

Marshal E. C. Moberly, who accompanied Sheriff Wallace to Jefferson City, also returned Wednesday noon.

Visiting His Niece.

Enos Vaughn of Wray, Colo., arrived in Maryville Tuesday night on a visit to his niece, Mrs. B. E. Condon, and family. Mr. Vaughn and his wife were called to Savannah a few days ago by the death of Mrs. Vaughn's mother, Mrs. Edwards. Mr. Vaughn was a grocer of Maryville a good many years ago, and was engaged in business with his brother, Arthur Vaughn. Both have become bankers, Arthur Vaughn at Pauls Valley, Okla., and Enos Vaughn at Wray, Colo. Mr. Vaughn has just sold out his banking business at Wray and is considering locating in California.

Kicked by a Horse.

The 6-year-old son of Mr. and Mrs. Herman Heitman, living southeast of Maryville, was kicked by a horse Wednesday noon and was brought to the office of Drs. Wallis for treatment. The boy received a glancing blow near the mouth, making a wound that required several stitches to close up. The physicians do not think that he will be disfigured.

Returned to Bedford.

Mr. and Mrs. Arthur Goodspeed and son, Robert, of Bedford who were called to Auxvasse, Mo., by the death of Mr. Goodspeed's sister, Mrs. Robert Brown, returned home Tuesday. They spent Monday in Maryville with Mr. Goodspeed's parents, Mr. and Mrs. Frank Goodspeed.

Is Not for a County Adviser.

Editor Democrat-Forum: Why do we not hear the farmers clamoring for a county adviser? They usually favor what they think to be a good thing. I have not talked to a farmer that is in favor of this absurdly foolish plan. Every question or subject pertaining to agriculture is discussed in our farm papers. Bulletins also are issued by our experiment stations upon every subject of interest and can be obtained for a postage stamp. Then what is there left to "advise" on. One says he would help the farmers in selecting their seed corn. That is enough to tempt a man to profanity. I speak from experience, and I do not wish to be tempted about what I am able to hear.

The farmers of this county have the best seed that seed specialists can produce. They have the largest type of corn that will mature in this climate and the same of all other seeds.

To those who have no personal interest in this matter I would say. Let the farmers attend to their own business; they pay their own bills and quite a few of the other fellows.

Let the boys from the agricultural schools come out to the country and buy or rent three or four acres to plant to, say beans and cow peas. They can put in the rest of their time analyzing the soil to find out what there is in it.

NO INDIGESTION, GAS OR A SOUR STOMACH.

"Pape's Diapepsin" Makes Your Stomach Feel Fine in Five Minutes.

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.—Advertisement.

\$10,000 a Year for Dresses in Paris.

At the meeting of the M. I. Circle Tuesday afternoon with Mrs. Omar Catterson, in a paper read by Mrs. R. H. Duncan on "Society in Paris," it was found that the very least money a woman in society in Paris could dress upon is \$10,000 a year; if she can manage to eke out on that amount she will be entitled to a small place in the center of the world's fashionable society.

The M. I.'s have concluded they will not seek admittance to Paris society for awhile yet, the principal reason being they "don't like their style" over there any way, as a rule. Mrs. Duncan's paper was very enjoyable and was the ground for wise, witty and humorous comment from the Circle. Two other good papers were read, both continued from previous meetings one by Mrs. W. B. Christy on "Education in Germany," and the other by Mrs. Walter Mitz on "Government and Religion of Norway and Sweden." The devotional service for Tuesday's meeting was led by Miss Emma Shroyer. Roll call was responded to with current events. Mrs. T. H. Cook was critic. The next meeting of the club will be held February 4 at the Elks club, with Mrs. J. F. Cook as hostess.

Guest From Kansas City.

Mrs. S. S. McClure of Kansas City arrived Tuesday night and will remain several days the guest of Mrs. W. M. Wallis, Jr. Several of Mrs. Wallis' friends will be asked to meet her guest this week.

A HAPPY, LAUGHING
CHILD IN FEW HOURS.If Cross, Irritable, Feverish, Tongue
Coated and Sick, Give Delicious
"Syrup of Figs."

Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs," and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without griping or nausea, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics it cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.—Advertisement.

GUNBOAT SENT
TO VERA CRUZ

Wheeling Will Protect Americans
in Southern Mexico.

SERIOUS OUTBREAKS CONTINUE

Guerrillas and Brigands Keep Foreign
Residents in Terror—Villages and
Ranches Sacked—Vessel Will Take
on Board Those Who Wish to Escape.

Washington, Jan. 22.—Alarmed for the safety of Americans, whose lives are in jeopardy because of widespread lawlessness of Mexican rebels in Vera Cruz state and throughout southern Mexico, the state department again has called upon the navy to protect American interests in the republic.

The gunboat Wheeling is steaming from Tampa, Fla., for Vera Cruz, where Americans are said to face a graver crisis than that relieved by the cruiser Des Moines at the time of the Diaz uprising last October.

The request from the state department to the navy came after the receipt of a long series of official reports from Ambassador Henry Lane Wilson and consuls in southern Mexican cities, all reflecting a condition of anarchy, especially in the state of Vera Cruz.

Guerrilla warfare, brigandage, sack- ing of ranches and villages and other desperate crimes place Americans and other foreign residents in a state of constant danger and the latest advices of the state department express fear of a worse outbreak.

When the Wheeling arrives in Vera Cruz harbor Americans and other foreigners will be taken aboard and of- ficials express the hope that the sight of its guns may have the same moral effect that followed the arrival of the Des Moines a few months ago. The action of the state department indicates that the administration's policy of non-intervention will be adhered to to the close of President Taft's term of office.

TURKS TO BOW TO POWERS

Constantinople Newspapers Drop
Their Warlike Tone.

Constantinople, Jan. 22.—There has been a notable change in the tone of the press. The newspapers almost unanimously declare that the port has no option but to bow to the wishes of Europe. They therefore advocate the immediate summoning of a national assembly to give moral support to the government in concluding peace under the best possible terms, as it would be a mistake to continue the war in opposition to the wishes of Europe.

It is said that the Turkish ambassador at St. Petersburg has notified the port that the Russian government is most urgent in advising Turkey to cede Adrianople and the Aegean islands.

Grand Jury Will Reindict Mellen.

New York, Jan. 22.—A new federal grand jury just sworn in will be asked to reindict Charles S. Mellen, president of the New York, New Haven and Hartford railroad, E. J. Chamberlain and Alfred W. Smithers, president and chairman respectively of the Grand Trunk railway of Canada, for violation of the Sherman anti-trust law. This procedure was decided upon by the government to meet technical objections raised by counsel for the defendants as to the qualifications of a member of the jury which indicted them.

Says Commodities Clause is a Joke.

Washington, Jan. 22.—"The commodities clause of the interstate commerce law is a joke and a sham; it is open at both ends; it is not worth the paper it is written on," said Representative A. O. Stanley before the house commerce committee. Representative Stanley advocated the passage of his bill, aimed at the United States Steel corporation, prohibiting mining or manufacturing companies from owning railroads which transport their goods.

Three More Confess.

Chicago, Jan. 22.—Three confessions were obtained by Assistant State's Attorney Johnson in the investigation of the so called "arson trust." Two who confessed are business men, who told the prosecutor that because of business reverses they consented to have their places fired when public adjusters pointed out to them how easy it would be to collect the insurance.

Competition Hurts Arson Trust Profits

New York, Jan. 22.—Competition has hurt the arson business in New York city. The grand jury, which has already indicted several property owners and insurance adjusters, alleged to be members of the so called "arson trust," learned that a large group of independent operators was responsible for nearly as many fires as the "trust" itself.

Bulgaria Cedes Port to Rumania.

London, Jan. 22.—One of the chief difficulties hitherto existing between Rumania and Bulgaria was removed by the consent of the Bulgarian government to the cession to Rumania of a portion of coast territory, which will enable Rumania to establish a naval port at Mangalia, on the Black sea.

ROOT ARGUES
FOR REPEAL

Denounces America's Position
in Panama Canal Dispute.

VIGOROUS FIGHT IS SCHEDULED

Original Opponents of Measure Allow-
ing Free Passage of Coastwise Ships
Hope to Secure Its Repeal—Deny
Right to Remit Tolls.

Washington, Jan. 22.—"Shall we in- form the world that the United States is false to its agreements, false to its pledged word? Shall we have it made known the world over that you must look out for the United States or it will get the advantage of you? That the United States is astute, cunning, slippery?"

With this denunciation of the attitude of this country in the Panama canal controversy with Great Britain, Senator Elihu Root concluded a two-hour speech in the senate with an appeal for the submission of the Pan- ama question to arbitration, or the repeal of that section of the canal law that would give free passage to Amer- ican coastwise ships.

It became known, following the senator's address, that Senator Bran- degue, chairman of the interoceanic canals committee, will call a meeting within a few days to take up Senator Root's amendment for the repeal of the free toll provision.

A determined effort by those who opposed the original passage of this provision will be made at this session of the congress to change the law be- fore it goes into effect at the canal, so that the cause of dispute with Great Britain will be removed.

WILL RECOGNIZE SERVICES

"Justice" Will Govern Distribution of
Plums by Wilson.

Trenton, N. J., Jan. 22.—President elect Wilson set forth the principle that "Justice and not gracefulness, recognition of services and not polit- ics would guide him in the distribu- tion of public offices."

The governor declared himself in a speech to a delegation of labor lead- ers, who formally asked him to ap- point John T. Cosgrove, a Democrat, to the office of state commissioner of labor, now held by Colonel Lewis T. Bryant, a Republican. The governor listened to the earnest pleas of the laboring men, and said:

"Public office is not worth anything if an entirely satisfactory fulfillment of the duties of an office does not en- title a man to consideration for reap- pointment. If men are to know that a mere change of administration is to empty an office, no matter how they have deserved to be reappointed, there is nothing of justice or public right left. I feel to the full extent the argument you have made in favor of Mr. Cosgrove, but I haven't a clean slate to write on. If we were creating this office your arguments would be different."

"I do not need to say to this com- pany that I entirely sympathize with the aspirations of labor and that I en- tirely recognize the rights of labor, but Colonel Bryant has made good, and I am bound to consider his claims. I would be ashamed of my- self if I did not."

"Would it not be justice and mercy to appoint a labor man? Would it not be graceful?" pleaded Samuel Bot- terill, spokesman for the delegation. "Gracefulness is easy and justice hard," sighed the governor, and the discussion ended.

Executive Council at Rock Island Sus-
pends New Rates.

Rock Island, Ill., Jan. 22.—The ex- ecutive council of the Modern Woodmen of America decided not to put into force the new schedule of rates au- thorized at the head camp meeting held in Chicago, but will let the next head camp, which meets in 1914, pass upon the matter.

The council's decision will be effective regardless of what disposition the courts may make of the injunction which now restrains the society from enforcing the increase and which is on its way to a hearing before the Illi- nois supreme court.

AFTER COUGHING MONTHS
Brooklyn, N. Y., Woman Found Relief
in Vinol.

Did you ever cough for a week? Then
just think how distressing it must be
to have a cough hang on for three
months.

Mrs. Maria Primrose of 87 Newell
street, Brooklyn, N. Y., says: "I had
a very heavy cold which settled into a
chronic cough which kept me awake
nights for fully three months, and
felt tired all the time because my
rest was broken. The effect of taking
your cod liver and iron remedy Vinol
is that my cough is gone. I can now
get a good night's rest and I feel
much stronger in every way."

It is the combined action of the
medicinal elements cods' liver aided
by the blood making and strength
creating properties of tonic iron which
makes Vinol so efficient for chronic
coughs, colds and bronchitis—at the
same time building up the weakened,
run-down system.

Try a bottle of Vinol with the un-
derstanding that your money will be
returned if it does not help you. The

Typhoid Vaccination.

The effectiveness of vaccination
against typhoid fever is shown in the
health records of the United States
navy for the first ten months of 1912.
Enlistment in the navy is 62,000 men.
Ordinarily about two hundred cases of
typhoid fever, resulting in from fifteen
to twenty deaths, occurred each year.
In 1911 compulsory vaccination against
typhoid was adopted. During the first
ten months of 1912 one mild, non-fatal
case of typhoid fever developed in the
navy. It pays to know and use the
modern discoveries in medicine.

GOULD WEDDING AT LYNDBURST

Ceremony Takes Place in Country Home of Bride.

ONLY SEVENTY-FIVE GUESTS.

Party is Restricted to Members of Both Families and a Few Friends. Dinner Served for Homeless Men at Bowersy Mission at Hour of Ceremony

Tarrytown, N. Y., Jan. 22.—Miss Helen Gould and Finley J. Shepard were married today in the great drawing room at Lyndhurst, Miss Gould's country home. Rev. Daniel Russell, pastor of the Irvington Presbyterian church, performed the ceremony. Miss Gould's little nieces, Helen and Dorothy Gould, were the flower girls and the bride's only attendants. Louis J. Shepard, brother of the bridegroom, was best man.

Gifts came from wealthy friends of the bride; from friends on the Bowersy and the East side, for whom she has done much in the past; from the army, navy, railroad organizations and various individuals. Among the gifts were a handsome rope of pearls from George J. Gould, a corsage ornament of diamonds from Frank Gould, and a set of tapestries from Edwin Gould. Howard Gould gave his sister a rare art treasure, which he purchased recently in Paris.

The wedding guests were restricted to members of both families and a few friends. About seventy-five persons witnessed the ceremony. Most of these came from New York by special train. The ceremony took place at 12:30 o'clock.

The army of homeless men in New York received a treat today at the expense of the bride. The feast for the poor was served by relay to 1,000 men in the basement of the Bowersy mission, in whose work she has long been interested. A musical entertainment was also provided.

FREE MEAT PART OF DEMOCRATIC PLAN

Protest is Voiced by S. H. Cowan of Fort Worth.

Washington, Jan. 22.—"Free meat" proposed by the house Democrats at the last session of congress, but blocked by a presidential veto, was indicated as part of the extra session of congress' tariff revision program at the hearing before the house committee on ways and means.

Members of the committee emphasized the majority sentiment in favor of free meats and a strong trend toward free cattle, in accord with the general policy of Democrats last year to transfer the necessities of life, including sugar and lumber, to the free list.

Protest against putting cattle and meats upon the free list was voiced by S. H. Cowan of Fort Worth, Tex., as spokesman for the cattle industry west of the Mississippi river. Mr. Cowan said that such a plan, if adopted, would mean a flood of cheaper meats from the South American ranges and pictured a ruin of the industry in Texas.

TO DEFINE PURE WATER

Secretary MacVeagh to Appoint a Commission of Scientists.

Washington, Jan. 22.—The federal government, which for years has been warning the nation against dangers lurking in polluted water, wants to know "what is pure water?" To settle the question Secretary of the Treasury MacVeagh, on the recommendation of Surgeon General Blue of the public health service, decided to appoint a committee of scientists to establish a standard of purity of water.

The establishment of this water standard will be the first movement of the public health service in connection with regulations soon to be issued prohibiting the dispensing of impure drinking water on railroad trains and other interstate carriers. These regulations will be enforced in co-operation with state boards of health.

FOWLER OUTLINES PLAN

Says All Banks Should Be Under Federal Control.

Washington, Jan. 22.—Former Representative Charles N. Fowler of New Jersey outlined to the house currency reform committee his suggestions for revision of the monetary system. He proposed that all national banks be authorized to do commercial, savings and trust company business and make note issues as Canadian banks do; that "all holding companies" of banks be prohibited and that all banks be compelled to carry the same amount of reserve, always in gold. All banks should be under federal control, he contended.

Coal Roads Want Decree Amended.

Washington, Jan. 22.—The hard coal roads affected by the supreme court's recent decision have petitioned for a modification decree to permit them to continue the so called 65 per cent contracts with coal companies which have leased coal lands of them. The court held the contracts in violation of the Sherman anti-trust law.

Agent for Auto Bandits Surrenders.

Chicago, Jan. 22.—Frank Madia, owner of the Michigan avenue garage which was used as headquarters of the automobile bandits, surrendered while the city's police force was in the midst of its search for Robert Webb, the gang chauffeur, who shot and killed Detective Peter Hart.

Eruption of Colima.

Guadalajara, Jan. 22.—The volcano of Colima broke into violent eruption. Thousands of people are fleeing from the villages and ranches in the vicinity. It is believed there has been some loss of life in the remotest settlements.

Let Us Live in the Present.

The old year is gone and we stand on the threshold of the new. Once again we are face to face with one of the mysteries of our existence—the mystery of Time: the Past, the Present, the Future. Yet how few seek to understand it; how few know what the key to the understanding of the Universe is within themselves!

And how few realize that the present moment is ours. Each moment we stand between the past and the future. All the mighty past is focused in the present, and only through the gateway of the present moment can we enter into the future.

Nor can we halt on the threshold, there is that within which forbids our stay. We may be never so loath to let the present go, yet even while we seek to detain it, it is gone into the irrevocable past. So day follows day, year follows year, and still we will not recognize nor apply the great secret of cyclic law, which the succession of the moments and the mighty procession of the years so persistently force upon our attention.

Truly it is in the commonest facts of life that lie our greatest opportunities, and it is in the most commonplace occurrences that are hidden some of the profoundest mysteries.

Oh, that I could live my life over again! How many have thought this! But we know it may not be. Yet there is better than that. There is a new day not yet lived, a new year not yet run its course, awaiting us all with its infinite possibility. To live life over again? It may not be; but life before us, with the experience and lessons of the past—that is ours. For, after all, the wish is not to live the same life over again if we could. Were that possible, we should live it again as before and with the same unsatisfying result; but underlying the wish is the prayer, nay the hope, for a new life in which we may build upon the lessons and experiences of the past. Yet we make a grave mistake if we seek to live in the future before it is ours, for it is impossible to live in the future as in the past.

In the truest sense, neither the past nor the future is ours, but only the present. Our weakness and folly lie in neglecting the present with its opportunities, as we do when with vain regrets we live the past over again in memory, or in imagination picture for ourselves life as we would have it in the future. In either case we miss the opportunity of the only time which is ours, the present moment, the Now.—Charles Mason in the Theosophical Path.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage a Simple Remedy for Dandruff, Falling, Faded, Gray Hair.

The old idea of using Sage for darkening the hair is again coming in vogue. Our grandmothers had dark, glossy hair at seventy-five, while our mothers are gray before they are fifty. Our grandmothers kept their hair soft and glossy with a "Sage Tea," which also restored the natural color.

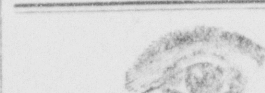

One objection to using such a preparation was the trouble of making it. This objection has been overcome by the Wyeth Chemical Company of New York, who has placed on the market a superior preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp, and thin, weak, falling hair.

The beauty of the hair depends more on its rich, even shading than anything else. Don't have dry, harsh faded hair, when a simple, harmless remedy will bring back the color in a few days; and don't be tormented with dandruff, itching scalp and loose, falling hairs. Wyeth's Sage and Sulphur Hair Remedy will quickly correct these troubles, and give color, strength and beauty to your hair.

Get a fifty cent bottle from your druggist today, and prove this to your own satisfaction. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agent Koch Pharmacy.
